Artificial Intelligence Management Systems Certification

ISO/IEC 42001 Certification – Pioneering Responsible Artificial Intelligence Management

ISO/IEC 42001 is the pioneering international standard, outlining the requirements for establishing, implementing, maintaining, and continually improving an Artificial Intelligence Management System (AIMS).

At iCertWorks, we recognize the pivotal role of AI in today's rapidly evolving technological landscape. ISO/IEC 42001 certification empowers organizations to manage risks and opportunities associated with AI, balancing innovation with governance.

With MSECB as your certification body, your organization will have a smooth and efficient certification journey. ISO/IEC 42001 certification helps your organization navigate the unique challenges presented by AI, including ethical considerations, transparency, and continuous learning.

Our ISO/IEC 42001 certification signifies your organization's commitment to the responsible development and use of AI systems.

ISO/IEC 42001 can be integrated with:

ISO/IEC 27001	ISO/IEC 27701	ISO/IEC 20000-1	ISO 9001

Benefits of Getting Certified with ISO/IEC 42001

✓ ISO/IEC 42001 provides a framework that signifies your organization's dedication to ethical and responsible use of artificial intelligence.

✓ ISO/IEC 42001 certification indicates establishing policies, objectives, and processes that enhance trust in AI systems, increasing customer trust and global reputation.

✓ One of the key benefits includes managing AI-specific risks effectively and identifying opportunities to encourage innovation within a structured framework.

✓ Through the ISO/IEC 42001 certification process, organizations establish a framework complying with legal and regulatory standards, gaining a distinct competitive advantage, especially in sectors subject to rigorous regulatory scrutiny.

✓ ISO/IEC 42001 certification increases traceability, transparency, and reliability in AI systems, enhancing cost savings and efficiency gains.

iCertWorks and MSECB Certification Process

With MSECB as a trusted certification body, we can help your organization obtain ISO/IEC 42001 certification!

Upon verification that your organization is in conformity with the requirements of the ISO/IEC 42001 standard, we will issue an accredited certificate. This certification is then maintained through regularly scheduled annual surveillance audits, with the recertification audit being conducted on a triennial basis.

② STAGE 1 AUDIT
Review of documentation and readiness for Stage 2

④ INITIAL CERTIFICATION
The Certificate will be issued within 2 weeks after successful audit closing

✓ RECERTIFICATION AUDIT
Within two months before the triennial certificate expiration, a recertification audit will be conducted

① PRE-AUDIT
The pre-audit is optional and must be done before the certification audit

③ STAGE 2 AUDIT
In-depth audit to verify conformance with the requirements of the standard

✓ SURVEILLANCE
The certificate must be maintained through annual surveillance audits

Unlock the benefits of a systematic approach to responsible AI management by obtaining your ISO/IEC 42001 certification. We are dedicated to assisting you in addressing the challenges of AI, ensuring ethical, transparent, and efficient AI systems.
